

In recent years, the cost of attending a post graduate institute has soared. At TVPSA, we keep this fact in mind at all times. While other programs are raising tuition fees and charging \$7,500-\$20,000, TVPSA is committed to going in the opposite direction by providing an awesome experience at minimal cost.

We know how hard the average family works to earn enough money to finance their children's post graduate needs. Every dollar counts. Because of this, we've worked very hard to come up with a model that allows you to meet those needs, as well as allowing us to offer our athletes a great opportunity to increase their recruiting exposure and optimize their college choices.

Our fees are comparably lower than many prep programs in the nation. We encourage you to do your homework....check out other programs and what they offer. In the end, you will realize that, dollar for dollar, TVPSA offers an experience second to none at an incredibly manageable cost.

# Tennessee Valley Prep Sports Academy
